

February 2022 Canton Business Meeting

Monday, February 7, 2022 6:31 PM

Attendees:

Laura
Allen*
Torbjorn
Charlene
Dennis
Connal
David Huss

Reports:

Seneschal - in person activity has resumed. Ymir is happening. Groups can go back to official in person activities, following covid policy (proof of vax or negative covid tests within 72 hours of activity, masked indoors or outdoors, except fighters currently fighting on the field) see covid policy on the kingdom website. Currently there are no official in-person activities in the Barony.

Missile Madness is not going to happen in 2022 due to multiple factors, including weather and covid limiting interest from the combat archery and siege committee.

Upcoming events

- Defending the Gate
- Ruby Joust (new site) - more details forthcoming
- Assessment Bid has been submitted. It's currently pending
 - Juliana is Autocrat with Rinn as Deputy
- Isenfir has a big demo in April. Costanca is heading up the fighting for this. Location is just west of 81, slightly north of Waynesboro (Swoop VA)
 - It would be good to get a push to get fighters up there, to return their attendance for demos down here.
- Official Thursday night rapier practices have resumed in Isenifr. There is room, but no marshal for Armored fighters.
- Black diamond meeting is on Wednesday.

We may be able to put together a non-event practice with camping

MOAS:

in-person activities have remained suspended and the Canton has been participating online with the Barony... Nothing to report.

Exchequer:

4th quarter report submitted.
No activity in the account
\$1413.21 balance

Knight's Marshal

Seeking someone to take over as Knight's Marshal.

Requirements - you must be a warranted marshal of some discipline

Primary duties - quarterly reports and gathering and mailing in waivers from practice every quarter.
