As for now, the populace votes in favor 17 in favor, none opposed. Members of the financial committee are set unless they would like to change

Upcoming events: Ice Castles this weekend. Any changes made to Ice Castles will be posted by Thursday night. The information will come out on as many channels as possible

Feb 6 is Winter University

Feb 14 is Celebration Theodora in Caer Mear for a smaller, more low-key event

Feb 20 is the start of Ymir. The feast may already be sold out. Pre-registration is recommended

- Knight's Marshall was presented by Roland: Some changes made to the handbook. For heavy fighters, you will require further armor behind your shield. Authorizations will be renewed every 4 years. Please read your handbook!

New Business

Volunteer opportunities!:

Allen has some projects to work on with upcoming work days. Day shades, poles, painting/wood staining, inventory, etc. Show up for an activity

Aldemere has spoken with the head of the history department at E.C. Glass High School. She is spreading word about us to her teachers, so he will be attending the next department meeting (at the end of February). They would love for us to show off what we do, probably at the end of the year. We can decide how much hands-on the students can participate in.

Aldemere was contacted by a woman through Caer Mear who works at an adult learning center. On the first Friday and Saturday of April they are doing their annual fair, this year with a medieval theme. They would love for us to come and do whatever we can there. They are meeting next week to discuss whether or not overnight camping or fires are allowed. This site is about 1 hour away from here, in a region that has no SCA presence.

Wolfwoods Faire has reached out wanting us to participate this year again

Stablecraft brewery has reached out wanting us to participate this year again

There is a brewery that has reached out asking whether we would like to use them as a site or participate in any of their events

Adjournment

Laura adjourned meeting at 7:23p.
